REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(c), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(c) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicants' submissions: a Declaration under 37 CFR § 1.132 and remarks, filed on 23 March 2009, have been entered.

Applicants argued that the organo borate ester component of independent claims 1 and 18, which is formed by the reaction of about 1 mole fatty oil and about 1.8 moles diethanolamine followed by subsequent reaction with boric acid, differs from the borated ester compound disclosed in Canadian application no. 2014775 ("CA 775"), since the claimed reaction products include both amides and esters as set forth in the specification on page 8. Applicants argued that in CA 775, an amide compound only is prepared by reacting a fatty acid with mono- or diethanolamine in equimolar amounts; i.e., a 1:1 molar ratio, which is further reacted with boric acid. Applicants argued that the fatty oil reactant of the claims differs from the fatty acid reactant disclosed in CA 775; and that in the claims, 1 mole of the fatty oil is reacted with about 1.8 moles diethanolamine; i.e., a 1:1.8 molar ratio, which differs from the 1:1 molar ratio disclosed in CA 775. For all these reasons, the examiner is of the position that the claimed organo borate ester component differs from the borated compound disclosed in CA 775.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue

fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Ellen M. McAvoy whose telephone number is (571) 272-1451. The examiner can normally be reached on M-F (7:30-5:00) with alt. Fridays off.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Glenn Caldarola can be reached on (571) 272-1444. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
